REPORT OF INDEPENDENT AUDITORS

The Board of Directors
East-West Management Institute, Inc.

We have audited the accompanying financial statements of East-West Management Institute, Inc. (the Institute), which comprise the statements of financial position as of December 31, 2014 and 2013, and the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in conformity with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of East-West Management Institute, Inc. as of December 31, 2014 and 2013, and the changes in its net assets and its cash flows for the years then ended in conformity with U.S. generally accepted accounting principles.

Notes to Financial Statements

For the Years Ended December 31, 2014 and 2013

NOTE 1 ORGANIZATION

East-West Management Institute, Inc. (the Institute, or EWMI) was organized in January 1988 as a not-for-profit corporation under sub-paragraph (a)(5) of Section 102 of the not-for-profit corporation law of the State of New York. The Institute was established to help build the infrastructure and institutions of an open society through the support of a variety of educational, legal, and economic restructuring activities.

The Institute's government revenue arises primarily from contracts, cooperative agreements, and grants from the United States Agency for International Development (USAID) and the U.S. Department of State (collectively, the U.S. Government). Programs covered by these contracts, cooperative agreements, and grants in 2014 and 2013 were as follows:

- Development and implementation of judicial reform, legal aid, and rule of law programs in Bosnia, Cambodia, Ecuador, Georgia, Montenegro, Serbia, and Tajikistan;
- Training and support for non-governmental organizations, grassroots networks, public policy, and human rights programs in Azerbaijan, Bosnia, Cambodia, Georgia, Kyrgyzstan, and Montenegro;
- Training and support for economic and community development in Azerbaijan and Montenegro; and
- Community reconciliation and conflict resolution programs in Fiji.

The Institute also had the following contracts in 2014 and 2013: a contract with the Ministry of Justice of Romania to implement World Bank-funded judicial reform projects, and a contract with Arizona State University for the Albania Green Schools Project.

During 2014 and 2013, the Institute had other programs that were funded through grants from other sources, which included: a project to explore and promote the option for building community-based philanthropic endowments by capturing a portion of the proceeds of privatization; various programs to support public interest legal advocacy, build foundations of justice, and update the land law textbook in Cambodia; a program to promote transparent development in Cambodia and the Mekong; a program to promote human rights and rule of law in Burma; and a program to reduce pre-trial detention in Liberia.

As described in Note 5, the Institute implements grant-making programs to foster the rule of law, economic development, and a civil society worldwide. These programs are generally funded from various grants, cooperative agreements, contracts and contributions from governments, and private donors.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Institute's financial statements have been prepared on the accrual basis of accounting in conformity with generally accepted accounting principles (GAAP) in the U.S. as applicable to not-for-profit entities.

Net Asset Classification

The Institute's net assets have been presented and classified as unrestricted and temporarily restricted based on the existence or absence of donor-imposed restrictions.

Unrestricted—Resources that are not subject to donor restrictions. Unrestricted amounts may be designated by the Board of Directors (the Board), or management at the Board's direction, to cover any purpose determined by the Institute.

Temporarily restricted—Funds that the Institute may use in accordance with donor restrictions for specific purposes or upon the passage of time (see Note 3).

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenue and expenses during the reporting period. Actual results could differ from these estimates.

Revenue Recognition

Revenue from grants and contracts is recorded when services are performed in accordance with the underlying agreements. Federal funds under the cooperative agreements are recorded as revenue when expenditures are incurred and are billable to the government.

As of December 31, 2014 and 2013, all amounts due under such grants, cooperative agreements, and contracts were deemed to be fully collectible and, accordingly, no allowance for uncollectibility was required.

NOTE 2 **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** *(continued)*

Contributions

All unconditional contributions are recorded as revenue when received at their fair value. All contributions are considered available for unrestricted use, unless specifically restricted by the donor. The Institute records contributions as temporarily restricted if they are received with donor stipulations that limit their use either by purpose or by the passage of time. When donor restrictions expire (i.e., when a purpose or time restriction is fulfilled), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the accompanying statements of activities as net assets released from restrictions.

Cost-Share Amounts and Contributed Services

Cost-share amounts include cash received from non-U.S. government donors and expended, as well as in-kind services provided to the applicable USAID grants. These are recorded by the Institute as contributions and program expenses in the accompanying statements of activities.

Contributed services that meet the appropriate criteria are recorded as both contributions and expenses at fair value at the time the services are rendered. These include services of professionals who contributed their time to further develop the Institute's programs.

All of the Institute's Board members have volunteered their time to serve on the Board. The value of this contributed time is not reflected in these financial statements since the services do not meet the following criteria for recognition: (a) create or enhance nonfinancial assets or (b) require specialized skills provided by individuals possessing those skills, and (c) would typically need to be purchased if not provided by donation.

Cash

The Institute maintains cash in bank accounts in amounts that may exceed federally insured limits. The Institute has not experienced any losses on these accounts.

Property and Equipment

The Institute capitalizes property and equipment purchased at a cost of \$5,000 or more. Depreciation of property and equipment is provided using the straight-line method over the estimated useful lives of the assets purchased, which range from three to seven years.

NOTE 2 **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** *(continued)*

Functional Allocation of Expenses

Costs that are specifically identifiable to programs or to management and administration are charged directly to such functions. Costs incurred for both programs and general and administration are allocated based on certain factors, such as the time spent on activities performed under the respective functions.

The Institute does not perform fund-raising activities.

Income Taxes

The Institute is exempt from Federal income taxes under Section 501(c)(3) of the Internal Revenue Code (the Code) and from state income taxes.

Management evaluated the Institute's tax positions and concluded that, as of December 31, 2014, there were no uncertain tax positions taken or are expected to be taken. Accordingly, no interest or penalties related to uncertain tax positions have been accrued in the accompanying financial statements.

The Institute is subject to audits by taxing jurisdictions; however, no audits for any tax periods are currently in progress. Management believes that the Institute is no longer subject to income tax examinations by federal, state, or local tax authorities for years ended on and prior to December 31, 2010.

NOTE 3 **TEMPORARILY RESTRICTED NET ASSETS**

Temporarily restricted net assets at December 31 consisted of contributions for the following purposes:

	<u>\$ 394,053</u>	<u>\$ 362,829</u>

NOTE 4 GOVERNMENT GRANTS, COOPERATIVE AGREEMENTS, AND CONTRACTS

The Institute's grants, cooperative agreements, and contracts with the U.S. Government and sub-contracts with certain pass-through entities generally cover several periods. At the end of the year, total funds available consisted of the following: \$20,942,718 in 2014 and \$29,957,362 in 2013 under remaining grants and cooperative agreements; \$181,844 in 2014 and \$2,981,774 in 2013 under remaining contracts; and \$526,816 in 2014 and \$740,350 in 2013 under remaining sub-awards. These funds will be recognized as revenue when the services have been rendered.

The Institute is obligated to provide matching funding under certain U.S. Government grants and cooperative agreements. Subject to certain restrictions, matching funds may be met with funds from other grants and contracts, cost-share amounts (see Notes 2 and 5), and other contributions. Matching funds obligated and not yet provided under remaining grants and cooperative agreements totaled \$2,542,522 and \$3,271,353 at December 31, 2014 and 2013, respectively.

EAST-WEST MANAGEMENT INSTITUTE, INC.

Notes to Financial Statements

For the Years Ended December 31, 2014 and 2013

NOTE 4 GOVERNMENT GRANTS, COOPERATIVE AGREEMENTS, AND CONTRACTS *(continued)*

All contracts, cooperative agreements, and grants with the USAID and the U.S. Department of State allow the Institute to charge for indirect costs using a provisional indirect cost rate for the year, which may be different from the actual indirect cost rate that may be finally allowed for that year under such contracts, cooperative agreements, and grants. Adjustments for the difference between the indirect costs allowed under the provisional rate and the actual indirect costs incurred during the year are accrued and recognized in the financial statements in the year in which the differences actually occur.

During 2014, the Institute's actual indirect costs were higher than the amount billed throughout 2014 using the provisional indirect cost rate. At December 31, 2014, the federal government and other contractors owed a net total of \$24,234 to the Institute in indirect cost adjustments for 2014 for its contracts and cooperative agreements. Such amounts have been included in the Institute's revenue and contracts and grants receivable in the accompanying financial statements at December 31, 2014, and are expected to be collected in 2015 after the USAID's final approval of the indirect cost rate.

During 2013, the Institute's actual indirect costs were higher than the amount billed throughout 2013 using the provisional indirect cost rate. In addition, the Institute's actual fringe benefits rate was higher than the amount billed throughout 2013 using the provisional fringe benefit rate. At December 31, 2013, the federal government and other contractors owed a net total of \$72,166 to the Institute in fringe and indirect cost adjustments for 2013 for its contracts and cooperative agreements. Such amounts have been included in the Institute's revenue and contracts and grants receivable in the accompanying financial statements at December 31, 2013, and were subsequently collected after the USAID's final approval of the indirect cost rate.

NOTE 5 GRANT EXPENSE

The Institute implements grant-making programs to foster the rule of law, economic development, and a civil society worldwide. The activities it has supported include the development of non-governmental organizations (NGOs) and professional associations; promotion of ethnic tolerance, human rights and independent media; rural economic development and curriculum development; and research and policy reform in transitional countries. A significant goal is the sustainability of local institutions. The Institute complements its grant-making with capacity-building activities for NGOs and other groups, professional training, and advisory services. It also engages other donors to co-fund programs and sub-grantees.

EAST-WEST MANAGEMENT INSTITUTE, INC.
Notes to Financial Statements
For the Years Ended December 31, 2014 and 2013

NOTE 5 **GRANT EXPENSE** *(continued)*

Generally, grants are awarded through a competitive grant application process. In addition, the Institute supports certain unsolicited proposals and partnerships. The Institute made cash grants of \$6,362,282 in 2014 and \$7,547,649 in 2013 to local NGOs and other groups. Sub-grantees' cost share under these programs totaled \$1,511,019 in 2014 and \$1,068,583 in 2013.

NOTE 6 **EMPLOYEE BENEFIT PLAN**

The Institute maintains a defined contribution plan (the Plan) under Section 401(k) of the Code, covering substantially all employees. Under the Plan, which was established in 1999, the Institute provides matching contributions equal to 3% of all qualified employees' compensation to the 401(k) component of the Plan. The Institute additionally elected to contribute 0.71% and 0% of all qualified employees' compensation to the revenue-sharing component of the Plan during 2014 and 2013, respectively. The Institute's total contributions to the Plan were approximately \$107,400 in 2014 and \$89,200 in 2013. An officer of the Institute serves as the Plan's trustee.

NOTE 8 **COMMITMENTS AND CONTINGENCIES**Loan Agreement

On September 19, 2013, the Institute entered into a loan agreement (the Agreement) with Bank of America, N.A. (the Bank), whereby the Bank provided the Institute with a revolving line of credit (the Facility) in the amount of \$1,000,000 (the Facility Commitment). The Facility, as renewed, ends on October 31, 2015 (the Facility Expiration Date), and may be renewed by the Bank prior to the Facility Expiration Date. The portion of the Facility Commitment not used by the Institute is subject to an unused commitment fee of .0625%.

NOTE 8 **COMMITMENTS AND CONTINGENCIES** *(continued)*

Loan Agreement *(continued)*

Pursuant to the Agreement, the Institute obtained a loan (the Loan) of \$1,000,000 and issued a promissory note originally dated September 19, 2013, payable on a date not later than the Facility Expiration Date. The proceeds of the Loan were used to pay the loans payable to the Soros Economic Development Fund totaling \$1,000,000, which were due on December 31, 2013 and carried a fixed interest rate of 2% a year.

The Loan bears interest calculated daily using the British Bankers Association London Interbank Offered Rate (BBA LIBOR) plus 1.85%. Interest expense in 2014 and 2013 totaled \$21,438 and \$20,000, respectively.

The payment of the Institute's obligations under the Agreement, up to the amount of \$1,000,000, is unconditionally guaranteed by another organization (the Guarantor). A director of the Institute, who did not participate in the negotiation or execution of the guaranty, was employed during 2013 by the Guarantor.

The Institute is in compliance with the terms of the Agreement.

Leases

The Institute leases office space in New York, Washington, D.C. and various foreign locations. The New York office space is under a 10-year sub-lease that commenced on June 1, 2011 and will terminate on May 31, 2021, unless the prime lease is terminated earlier. The Washington, D.C. office space is a under a three-year lease, expiring in 2016. The leases in foreign locations have terms terminating on various dates from 2015 to 2019.

Annual future minimum payments under the leases are as follows:

<u>Year Ending December 31,</u>	<u>New York</u>	<u>Washington, D.C.</u>	<u>Foreign Locations</u>	<u>Total</u>

Notes to Financial Statements

For the Years Ended December 31, 2014 and 2013

NOTE 8 **COMMITMENTS AND CONTINGENCIES** *(continued)*

Grants, Cooperative Agreements, and Contracts

The Institute is obligated to provide matching funding under certain U.S. Government grants and cooperative agreements. Such obligations under the remaining grants and cooperative agreements at December 31, 2014 totaled \$2,542,522 (see Note 4).

Certain grants, cooperative agreements, and contracts may be subject to audit by the funding sources. Such audit might result in disallowances of costs submitted for reimbursement. Management believes that such cost disallowances, if any, will not have a material effect on the accompanying financial statements. Accordingly, no amounts have been accrued in the accompanying financial statements for such potential claims.

NOTE 9 **CONCENTRATION OF RISK**

The Institute received approximately 95% and 92% of its total revenue in 2014 and 2013, respectively, either directly or indirectly from the USAID. Any significant reduction in the level of support from the USAID could have a material adverse effect on the Institute's programs.

NOTE 10 **SUBSEQUENT EVENTS**

The Institute evaluates events occurring after the date of the financial statements to consider whether or not the impact of such events needs to be reflected or disclosed in the financial statements. Such evaluation was performed through June 25, 2015, the date the financial statements were approved for issuance. There were no subsequent events that should be accounted for or require disclosure in the accompanying financial statements.
